Mint of the United States at Philadelphia, Pa.,

SUPERINTENDENT'S OFFICE,

Jany 20th 1886

Sir,

I enclose herewith my tabulated statements of expenditures at this Mint for the six months ended Dec 31st 1885, and numbered 1 2 and 3 respectively. As the form furnished me seems not to have been prepared with the view to reporting the expenses of the Coiner's, Assayer's & Engraver's Departments, I have thought it better to use separate sheets for the statements, rather than to piece out a single sheet for that purpose and I hope that this method will be satisfactory. It is believed that the statement is absolutely correct, as great care and much time has been expended in its preparation, the figures being found to balance with the several accounts from which they are compiled.

Very Respectfully,

[signature]

Supt.

Hon. Jas. P. Kimball
Director of the Mint.
Washington, D.C.

First Comptroller of the Treasury
Washington D. C.

26. Jany 6

Sir;

I herewith transmit a letter from our Assayer giving the information called for in your letter of the 21 st. instant

Very respectfully
L M Fox
Superintendent

Percy S. Wilson, Esq.
Assayer in Charge
U.S. Mint
Denver
Colo.

January 26th 6

Sir:

In regard to the letter from Mr. Posey S. Wilson, Assayer in charge at Denver Colo, asking for a schedule of charges on bullion shipped from that Institution, I can only say that the charges imposed here, are in accordance with the schedule, found on pages 6 & 7 "Instructions and Regulations in relation to the Transaction of business at the Mints and Assay Offices."

Viz.- The parting charges as follows.—

Bullion under 200 Gold.- 1½c per oz - 200 to 399½ - 2c. - from 400 to 699½ 3c, from 700 and over 4c per oz. Over 100 base metal 1c additional.

And an additional charge of $1.00 for each

deposit of 1000 ozs. or less.— if over 1000 Ozs. 1/10 of 1c per oz. gross. The invoice of Gold being treated as one deposit, this charge is made on the total ozs.

Silver contained is calculated on the basis of refining the Gold to 990.— or one ninety ninth of the standard weight of Gold is the standard weight of silver left for alloy, deducted from the standard weight of silver.

Alloy charge.— 2c per oz. on the number of ozs. of copper required to bring the bullion to standard.— No charge for toughening.

Very Respectfully
Jacob Eckfeldt
Assayer

Hon. Daniel M. Fox, Superintendent.

Sir,

As requested in your letter of yesterday, I enclose herewith a Statement of Silver Bullion purchased during October & November 1885. on which deliveries were made partly in October, November and December.

Yours very Respectfully

Supt

Hon Jas. P. Kimball
Director of the Mint.
Washington. D.C.

LRL

January 27th 6

Sir

In reply to your letter of yesterday inquiring whether the Sum of $795.23/100, entered on my ~~S~~tatement of Earnings & Expenditures for the 3rd Quarter 1885, as profit on Medals & Proof Coins included the Sum of $139.46/100 (the value of Old Copper Sold belonging to that fund) I have to say, that as the Copper was purchased with money of the Medal fund, the then Medal Clerk, Mr. Vogel, claimed that the Sale of it should be considered a gain to that fund, and accordingly reported it to the Bookkeeper as a part of the Profits.

I herewith enclose you a corrected Statement of Earnings & Expenditures for that quar-

ter, deducting the Sum of $139.46/100 from the profits, and adding that Sum to the amount of old material Sold, and have also restated the expenses of Distribution of Silver for the same quarter, by deducting the amount of 12¢ error in bill paid same quarter.

This latter correction necessitates the amending of the Statement of Earnings & Expenditures for the 4th Quarter 1885, now in your office, in which the discrepancy of the 12¢ was counter-entered as an earning, the amount having been refunded by the Express, Co. which amended statement

also enclose

Very Respectfully

[signature]

Superintendent.

Hon. Jas. P. Kimball
Director of the Mint
Washington D.C.

January 27th 6

Sir,

As directed, I herewith return Mr. Albert Williams's letter to you of the 20th instant, together with the desired statistics of our Nickel Coinage of the Calendar year 1885, inserted in the blank Statement which he furnished for the purpose.

Very Respectfully

A. M. Heath

Superintendent.

Hon. Jas. P. Kimball
Director of the Mint
Washington
D.C.

27: January 6

Adjt.

On August 24th. last I had the honor to write applying for change in the arms at present in the Militia together with an increase in the quantity of ammunition. On the 28th Sept: I reiterated the request, and in answer to this, I was advised that the requisition had been received by the Ordnance Officer, and would be considered after the question which then was pending as to a missing rifle, which had among others been changed to this institution, had been found.

Since then the missing rifle has been accounted for as I have recently

advised you.

The necessity for this change of arms from a Springfield rifle to a Winchester repeating rifle is more imminent now than then!

Having taken charge of the Post Office vaults with the storage now there, the number of rifles in the Mint have necessarily been reduced by a draft in order to insure security to the Post office vaults to which make the means of protection less here than it was before; and besides, the limited quantity of cartridges is so marked - there being but 4 rounds to each rifle - that I am again induced to repeat the application asking an early response, to wit; that

the rifles now in the Mint be exchanged for Winchester Repeating rifles and that they be accompanied with 1000 rounds of ammunition

Very respectfully

Superintendent

Hon: James B. Kimball
Director of the Mint
Washington
D.C.

3

26. Jany 6

Sir;

Since the first day of July last that being the time of my entering upon duty, I have had a very large number of letters with checks enclosed from all parts of the Country asking for fractional Coin particularly dimes, half dimes, and one cent pieces, and for want of authority - and indeed for want of material - I have been obliged to return the checks and make explanation that we had not any on hand, and have referred them to the Assistant Treasurers nearest to the localities whence the letters came.

Upon Consideration the thought occurred to me, that I had better make a report of the fact in a condensed statement, naming the States, Cities, and Sections whence the orders were received, and accompanying this you will find a tabular statement of the kind indicated. It was interesting to me in its preparation to see how scattered was the want and I have no doubt it will be interesting to yourself

Very respectfully

[illegible]

Superintendent

Hon: J. P. Kimball
Director of the Mail
Washington

U. S. Mint

Jany 29 '06

To the Honorable the Judge holding the Court of Oyer and Terminer and Quarter Sessions for the County of Philadelphia Commencing 1st proximo

Sir

Mr. S Bookbinder an Employé of this Mint has been summoned as a Petit Jaror for the above term — This Gentlemen is diligently engaged in the Melting and Refining Department in furtherance of fulfilling the orders of Congress in producing Silver Coin agreeably to the Act relative thereto, and he cannot well be spared at this time, I would esteem it a great favor if your Honor will kindly relieve him from the service called for as his presence at this Institution is almost indispensable

Your Kindness will oblige

Yours Sedienty

Daniel M Fox

Superintendent

Mint of the United States at Philadelphia.

Jany 29th, 1886.

Sir,

I forward to day by Adams Express, my Bullion accounts and Vouchers for the 4th Quarter 1885.

In order to comply with your directions of the 3d Inst to requiring me to deposit at the close of the Quarter, all charges deducted from Deposits & purchases of each Quarter, it was necessary for the Abstract Clerk, to close his books on the 29th ult, so that the deposits &c, received prior to that date, could be assayed and calculated and the moneys transmitted to the Assistant Treasurer before 3 P.M. on the last day of the Quarter. This explains the taking up in this Quarters account, of the deposits of the two last days of a prior quarter, which could not be assayed and calculated in time to deposit the charges thereon, within the Quarter.

Hoping that this method will meet with your approval.

Very Respectfully.

Supt.

Hon Jas. P. Kimball
Director of the Mint.
Washington. D.C.

29: Jan'y 6

January 29th 6

Sir,

I herewith transmit Separate Schedules, with Samples attached, of blank forms and books required for the following departments of this Mint viz.

General Department,
Assay Department, and
Coiners Department,

and have to request that you will please make requisition for the Same upon the proper Bureau or division of the Treasury Department. If any of the blanks or books are in Stock, I should like to have them forwarded without delay; and the remainder as soon as may be practicable.

The Engravers and Melter and Refiners departments are not included in this requisition, they being already supplied.

Very Respectfully
Wm. M. Fox
Superintendent

Hon. Jas. P. Kimball
Director of the Mint,
Washington
D. C.

Schedules follow on
Pages 50. 51. 52. 53.

(Copy)

(1)

29th January 6

Sir

I regret to be obliged to Report, that in spite of protest against too heavy bars of Silver deposited, they still continue to send them to the Mint for Deposit. Such for example are Recent Boston and Colorado Bars (in our list Nos. 667-69) and Plate bars (our list 455-474) weighing each over 15 or 17oz 0z. Such weight endanger, and sometimes break, our Crucibles, risking the loss of metal in the fire, which we might not be able to determine accurately, beside the loss of time and crucible.

I respectfully suggest, that the Mint give notice to such Depositors, that

(2)

after a certain time we will abstract from the return of value of such deposits the cost of the Crucibles provided, and the extra time occupied in recovering the waste or loss or any other cause which will prevent the recurrence of such waste of Material, loss of time, &c.

Yours respectfully
(Signed) Jas C. Booth
Melter & Refiner.

Hon. G. W. Fox
Superintendent.

29 Jany 6

Sir,

I herewith transmit for your information copy of a communication received this morning from our Melter and Refiner reporting very serious difficulties and embarrassments resulting from the excessive weight and size of Western Silver bars, which it is obvious should not exceed the working capacity of the long established apparatus in use in this Mint. As the bars in question were purchased by the Department for the ~~coinage~~ purchase of Silver dollars on Government account, and

this Mint is the passive recipient of the Silver thus deposited, I respectfully appeal to you to take such steps as may be deemed necessary and sufficient in every possible manner to correct the grievance complained of, and protect this institution in the future.

The pressure upon the Mint for Coinage is such that these obstacles in the way of safety and efficiency in our melting operations are undesirable and unjust to us; and under the circumstances it seemed to be proper that the correction should come from the Department rather than from this

2

office.

I suppose a stipulation in the terms of purchase that bars exceeding the proper weight and dimensions would not be accepted as a delivery would command respect and abate the evil. If not it would seem to be no more than right that this Mint should be reimbursed for the resulting damage and loss of time.

Very respectfully.

Saml M Fox

Superintendent

Hon: James Pkimball
Director of the Mint
Washington
D C

Personal

January 29th 6

Dear Sir,

In herewith transmitting my requisition for blank forms and books I beg to recall my conversation with you in my office the other day, in which you authorized me to limit the present requisition to such supplies as would meet our wants until the 30th of June next, at which time I propose to make requisition for all the blanks and books that may be needed for the whole of the fiscal year ending June 30. 1887 –
Please bear this in mind, if any objection should be made to the requisition I now forward, and

Oblige

Yours truly
Saml M Fox
Supt.

Hon. Jas. P. Kimball

January 29th 6

Sir

The letter of H. G. Foye, Put in Bay, O, dated December 15th 1885, called for in your letter (F.W.) of the 25th inst. has been mislaid. It purported however to remit $3.34/100 in mutilated Silver Coin, which was found to include 10 punched 3¢ Nickels; 4 punched 1¢ pieces; and one defaced and unrecognizable nickel piece, all of no value.

The Mint does not redeem nickel, or copper or bronze coins, even if in perfect condition. The Bullion value of the Silver coins in the lot, was $1.38/100 for which amount my Cashier's check on the Keystone Na

tional Bank in this City was
mailed to Mr. Joyce, on the 13th of
January inst.

Very Respectfully
Your Obt Svt
Superintendent

Hon. J. W. Wheelpley
Asst. Treas U.S.
Washington D.C.

29: Jany 6

Sir;

I yesterday had the honor to receive your letter of notification of my appointment by the President with the advice and consent of the Senate, as Superintendent of the Mint in this City: with enclosures of blank bonds and affidavits to be filled up and executed

I will have the matter closed in a day a two and hope then to have the pleasure of calling upon you in Washington, and finish up what may then be necessary to be done

Very respectfully

Wm M Ford

Superintendent

Hon. James C. Kimball
Director of the Mint
Washington

J. C. H.

Mint of the United States at Philadelphia, Pa.
SUPERINTENDENT'S OFFICE.

January 30th 1886

Sir.

In reply to your letter of January 29th, requesting an explanation of the payment to three watchmen of 10 days wages on December pay rolls, I have to say: These men were detailed from the Night Watch at the Mint, and assigned to duty at the Post Office vaults at the time of the first transfer of Standard Dollars to said vaults, and were on duty continuously, night and day, until after the close of the month, making 24 hours each day. Two days pay was allowed them in each case. None of the hours served were regarded as else than regular, and were so charged and paid. The case was unusual, and the rule you quote could not apply.

In further explanation relative to the payment of overtime made and due in November, and paid on a

special roll in December, the case was an indebtedness to workmen (dismissed on November 30th,) for overtime made in November, after the time was reported to the roll clerk and too late to be included on the roll for that month.

In complying with your order that salaries and wages for the month must be paid on the last working day of the month, it is necessary that the rolls should be made up and in the hands of the Cashier on the morning of that day. This necessitates that all overtime made after the time books go to the roll clerk for verification, and entry on payrolls, must be calculated and paid on the roll of subsequent month.

The preparation of the thirty sheets which constitute the payrolls is a work requiring deliberation and care, and three or four days must be given to consummate it. The overtime

made while this work is in progress is what is carried over, and was the item paid on Special Roll referred to.

Trusting the explanation may be satisfactory, I have the honor to remain

Very respectfully

3: February 6

Sir:

In obedience to your instructions of 28th ulto. (per E. P. Youmans Chief Clerk) I enclose reports for the Quarters ended Sep: 30th (and) Decem: 31: 1885.

At the end of the Quarter of September 30th the proper officer of this institution reported to me that he had 19 Springfield Rifles and 80 charges of ammunition. Upon being advised by the department that 20 Springfield Rifles had been charged to the institution, and that you had a receipt from my predecessor for the same, I communicated the fact to him and in a

short time after he left with us a new rifle to supply the place of the missing one. Further, subsequent to this on examining some of the cases in the executive department there were found in addition to the 20 Rifles and 80 rounds of ammunition, 8 Revolvers Starr pattern, One of Colt's pattern, and one called "pepperbox"; with 60 charges of ammunition therefor; so that on December 31st being the end of the next succeeding Quarter, I make report that there are 20 Springfield Rifles, 80 Charges of ammunition therefor; 8 Revolvers Starr pattern, 1 Colt's pattern and 1 pepperbox with 60 charges of ammunition all of which are set out in the

LPB

Feby 4th

Sir,

As requested in your letter of 3d inst, I transmit herewith form #193. which has just been completed and which is always forwarded at the earliest practicable moment. This statement shows the exact amount of Silver delivered during January on purchases made by the Department, including the sum of [illegible] fine Ounces, delivered by the Fourth National Bank N.Y. on purchase of Dec 18th and received prior to Dec 30th but not taken up in the accounts until the 2d Jany and thereafter, for the reason as stated in my telegram of yesterday, that there was some discussion as to the advisability of melting the Silver prior to assaying it, and it was thought better to hold it over for a day or two, to avoid the possibility of making a delay in closing the accounts for the 4th Quarter.

Hoping that this statement will be satisfactory, I am

Very Respectfully,

[illegible] Kimball

Director of the Mint.

Very respectfully,

[illegible]

Superintendent

Hon. Andrew Mason,
Supt. U. S. Assay Office,
New York.

February 6th 6

Sir;

Your letter (F. 10.) of the 2nd inst. was duly received, and after most diligent search, I regret to report that the missing letter from H. G. Foye cannot be found.

It, and the little bag of the unredeemable nickel portion of the coins, was handed by the Assistant Cashier, to the Chief Clerk, with a handful of other letters and packages of the same kind, while the latter officer was closely engaged with other duties and papers at his desk, and were laid for the moment on the left hand corner of his desk. It is considered that this particular letter may have fallen off into the waste

basket, unobserved; which is the only Explanation that can be given of its loss, and is doubtless the correct one, As we were concerned only with the coins, no particular notice was taken of the other contents of the letter, and no one here can speak of them, Except the Weigh Clerk, to whom the letter and package were first delivered, and who thinks there was some mention of fractional currency; but it is only a general impression on his mind.

Very Respectfully

February 8th 6

Sir,

I have this morning received your letter of the 5th instant advising me of the return of Forms No. 125, for September, October and December, 1885, In reply I have to state that the Returns in question were corrected and returned to your office last week.

Very Respectfully
A. M. Heath
Superintendent

Hon. Jas. P. Kimball
Director of the Mint,
Washington
D.C.

February 8th 6

Sir;

Again referring to your letter (F. W.) of the 2nd instant, I beg to state that the missing letter from H. G. Foye, Ex-postmaster at Port-au-Bay, Ohio, has just been found, and as requested, I herewith forward it to you for examination and return. There is no mention in it of any fractional currency.

Very Respectfully,

Superintendent.

Hon. C. N. Jordan,
Treas. U. S.
Washington
D.C.

Held

Mint of the United States at Philadelphia, Pa.
SUPERINTENDENT'S OFFICE.

February 8th 6

Dear Sir

We have no catalogue or price list of rare coins that command a premium, such as is called for in your polite note of the 4th instant, but as the nearest thing to it I herewith mail you, with my compliments, an Illustrated History of this Mint, in which mention is made of a few that have a numismatic value. The Mint is not a dealer in old coins, except that we sometimes purchase occasional rarities that our very full and complete Cabinet does not happen to possess.

Professional Coin dealers sometimes have coin lists for the informa-

tion of these customers, and you might be able to get something of the kind by communicating with Mr. Lyman H. Low, No. 838 Broadway, New York.

Collections of coins are frequently disposed of in New York at public sale, and Mr. Low could perhaps procure for you some of the Auctioneers pamphlet-catalogues of such sales.

Yours Truly

A. M. Mullett

Superintendent

Hon. G. Muntague
Supt. U.S. Mint,
New Orleans
La.

9. February 6

Sir

I have the honor to receive your favor of 8th inst., having relation to Transfer letter No. 234, authorizing payment in Quarter Eagles; and also your telegram of yesterday authorizing payment in Half Eagles instead of Quarter Eagles.

The payment was made upon receipt of your telegram of yesterday in half Eagles

Very respectfully

[illegible]

Superintendent

Hon. C. N. Jordan
Treasurer United States
Washington
D.C.

Mint of the United States at Philadelphia, Pa.

SUPERINTENDENT'S OFFICE.

July 10th 188[illegible]

Sir,

As requested in your letter of December [illegible] I have prepared the enclosed statement of the Bullion Fund, by quarters, from June 30th 860. to Dec 31st 1877. As explained in my letter of [illegible] last, the work upon this statement has necessarily been slow, having been performed at intervals, and has just been completed. Trusting that this statement may prove satisfactory.

I remain,

Very Respectfully,

[illegible]

Supt.

Hon. C. S. Fordon.

Treasurer U.S.

Washington D.C.

Mint of the United States at Philadelphia, Pa.

SUPERINTENDENT'S OFFICE.

February 10th 1876

Sir;

Respectfully acknowledging the receipt of your letter of the 9th inst. I herewith forward samples leaves of the six 5 quire, and two 4 quire books called for, and also samples leaf of the two 2 quire books (No. 258½).

Very Respectfully

Superintendent

Hon. Jas. P. Kimball
Director of the Mint
Washington
D.C.

11: February

Sir,

I have a letter under date of 9th inst., from George W. Newell, Cashier State National Bank, acknowledging the receipt of $7000.00 gold, in compliance with duplicate Certificate of the Assistant Treasurer New York 19129 which he holds. Responsive to which and in compliance with your order we had transmitted Half Eagles. He says this was not the denomination of coin he wanted, not being what he ordered. He encloses your letter of the 6th inst. as Treasurer of the United States in charge ad interim of the office of the Assistant Treasurer, New York City, showing that

he could have the exact denomination asked for. He wishes to know how the matter can be adjusted without further expense to him.

I referred the matter to my Cashier who reports that the original transfer letter forwarded by the Treasurer of the United States to this Mint asked for Half and Quarter Eagles. We had not then nor have now, any Quarter Eagles and the Treasurer of the United States was advised of that fact by me. On receipt of that advice the Treasurer telegraphed me to ship Half Eagles which was done. Mr. Newell now says that the C/O of the Assistant Treasurer calls for Quarter Eagles or $3 pieces. I may say we have an abundant

stock of the latter named coin, and were the bank to make another order through the Treasurer of the United States, we could ship the 3 dollar pieces at once. The Transfer letter does not ask for $3 pieces.

I respectfully submit copies of all the correspondence for your consideration and instruction, especially that part touching the subject of the transmission without expense to him.

Very respectfully

Your Obt

Superintendent

Hon: Conrad N. Jordan
Treasurer of the United States
Washington,
D. C.

Copy of Enclosures follow

W. F. Sayles,
President.

(Copy)

Geo. W. Newell
Cashier.

Slater National Bank
Pawtucket, R. I. Feby 9. 1886

To the Supt of the
U.S. Mint, Phil. Pa,

Dear Sir

I have received seven thousand dollars gold of a denomination that I dont want and did not order

My order is expressed on the duplicate Certificate of the Asst Treas U.S. at N.Y. No 19.129 (which I hold) to be for $2.50 or $3 - gold pieces. I enclose U.S. Treasurers letter showing I could have the exact denomination asked for - please return the letter and inform me how the matter can be adjusted without further expense to me.

Very Respectfully
(Signed) Geo. W. Newell

(Copy) Office of Assistant Treasurer U. S.,
New York City January 6th 1886

Sir,

On receipt of your check for the amount desired, to bear Clear. H., and Collectible through the Clearing House, and after collection thereof, a Certificate of Deposit will be issued in your favor, specifying the gold coin ordered, & forwarded to the Treasurer U. S. Washington.

The Treasurer will then direct the coin to be sent to you from the U. S. Mint Philadelphia, at your expense for transportation.

Very Respectfully
(Signed) C. N. Jordan
Treasurer U. S. in Charge and returning officer
for Asst. Treasurer U. S.
New York

Mr. Geo W. Newell
Cashr Staten Nat'l B'k.
Pawtucket R. I.

February 11th

Sir

Touching the complaint of the Slater Nat. Bank Pawtucket R.I. that the gold coin shipped from this Mint to that Bank was not ordered in Half Eagles, I have the honor to state:-

That the original Transfer Letter forwarded by Treasurer U.S. to this Mint asked for Half and Quar. Eagles. We had not then nor have now any Quar. Eagles and the Treasurer U.S. was advised to that effect by the Superintendent

Upon receipt of that advice the Treasurer U.S. telegraphed the Superintendent to ship Half Eagles and that was done. Slater Nat. Bank now says that its C/D from A.T. U.S. New York, calls for Quar. Eagles and Three Dollar pieces. We have an abun-

dant stock of the latter named coin, and were the Bank to make another order through the Treasurer U.S. we could ship Three dollar pieces at once.

The Transfer Letter does not ask for Three Dollar pieces at all.

Respectfully
(Signed) M.H. Cobb.
Cashier.

Hon. Dan'l. M. Fox,
Supt. U.S. Mint
Philadelphia.

[Ed. 3-26-85. 1000]

15 February 76

Sir

In reply to your communication of the 11th inst. I have to state that the following arms, viz:-

5 Revolvers Starr pattern are a portion of a purchase of 12 made 16 March 1876, as also the

1 Colt's Revolver

250 Cartridges and

Belts and Holsters

all paid for on Warrant, out of our Ordinary Account. They were procured at the time above named under the presumption of a possible necessity for their use at the then approaching Centennial Exhi-

bition

Besides the 8 "Starr" pistols abovementioned, which were in charge of the Captain of the Watch, 3, more are in charge of the Watch at the Post Office vaults and 1 in the Cashier's vault in this building - making the full Complement of 12.

With regard to the condition of the Arms, I have to say, that the Guard reports the Starr pistols as only "in fair condition", and are "unsuitable for ready and effective use, being of large size and very clumsy and cannot be carried on the person with convenience or used with the quickness that sudden emergencies may require."

The Captain of the Watch also

reports the Colt pistol as "acid eaten", and the Allen's "Pepper box", which has been in the Armory for many years, as being unfit for use

Very respectfully

Superintendent

E. B. Youmans Esq
Chief Clerk, Office of Secretary
Treasury Department

Sir;

On the 11th inst. I had the honor to address a communication to you enclosing a copy of a letter from the Cashier of the State National Bank, Pawtucket, R.I., a communication from our Cashier of this Mint, and a copy of your letter to him, on the subject of the alleged error in the denomination of the Coin recently sent on Transfer Order, for $7000, to which I have not as yet had answer. The mail to day brought me a letter from the Cashier Continuing the inquiry here.

Kindly at your earliest convenience give me instructions

Very respectfully

Assayer in Chg: U.S. Assay Office
Charlotte
N.C.

Feb 19th

Sir,

I beg to enclose herewith an amended statement of the U.S. Bullion Fund for the 16th inst, which kindly substitute for that already in your Office.

The necessity for this substitution is explained in the fact, that the net value (P.T. 182.00) of the transfer of Light Gold Coin from the Asst Treas. of the U.S at New York for recoinage, was included in the total amount of the Bullion Fund on that statement. As the net amount of this Coin was taken up in the Gold Coinage account, and credited to the Bullion Fund on the 18th inst, it should not have appeared on the statement of the 16th inst, on that day being still credited in the Recoinage Account. — I would further say that the Assayer experienced great difficulty in obtaining a correct Assay of this Coin, having at first to operate upon several different Lots, which, not proving satisfactory, he was finally compelled to melt the entire Lot to reach a correct result.

(1)

Feb 25th 6

Sir,

In reply to your letter of the 24th inst directing that expense bills be not made out in part by the employees, I have to say that I have given instructions to the officers with a view to attaining that end.

In reference to your inquiry regarding the necessity of employing Richard Gilpin to attend to the Electric light plant, per Voucher No 601, I would state that the Mint has no contract or connection with the Electric Light Company, having their entire apparatus located in the building. During the interval of our work elapsing between the time that the former Gasfitter resigned, and the present one reported for duty, I was without a skilful hand to attend to the plant, and in the emergency was obliged to employ Gilpin temporarily.

Very Respectfully,

Supt.

Hon Jas. P. Kimball.
Director of the Mint.
Washington D.C.

Feb

Feb 25th 6

Sir,

I enclose herewith the sum of Twenty eight 29 Dollars in payment of expenses incurred in visiting the Mint in connection with the Assay Commission, as per bills rendered.

Be kind enough to receipt the enclosed bills, and, after having the duplicate sealed by the Notary, return them by next mail as vouchers for my accounts.

Very Respectfully,

Supt.

Hon. Jas. P. Kimball
Director of the Mint.
Washington. D.C.

[redacted]

26: Febry 6

Sir;

In compliance with your request, under date of 4th inst., and in conformity with the resolution of the Senate of the United States instructing the committee on Library to enquire as to the expediency to procure duplicates of all medals which may have been made at the Philadelphia Mint, I have the honor to transmit herewith a descriptive Catalogue of all the medals of a public character of which the dies are owned by the Government.

You will find many of the medals quite interesting and historically

D

of much importance, commemorative of men who have had their important part in the Struggles for maintenance and defence of our Country and its institutions from time to time, and of events which are inseparable from its wonderful history and experience.

I also enclose a copy of a letter under date of 20th inst., from Charles E. Barber Esqr. our Engraver, in which he speaks of certain medals which are in our Cabinet, the dies for which are wanting, namely:-

Antonio Wayne — Stony Point
Joanni Melvart — "
John Paulding, David Williams } Captors of
Isaac Vanwert ..... } Maj: André

Gen Nathaniel Greene
Libertas Americana

Cutaw Springs
Surrender of
British Armies at
Saratoga & Yorktown

all which medals being of a national character, he suggests, if it should be considered advisable, could be engraved from the medals themselves by following the design.

I may add that there are many others not included in the catalogue which are of a private character; as for instance, belonging to organizations, corporations, societies, of an industrial, mechanical and art-developing character, in various parts of the country the dies

for which, although in our possession do not belong to this institution but to the organizations themselves

I am very respectfully

[illegible]

Superintendent

Hon. William J. Sewell
Chairman Library Committee
House of Representatives
Washington
D.C.

4

Descriptive Catalogue of Medals

made at the

Mint of the United States

at Philadelphia.

Compiled for the information of

26. February 6

Sir;

I have the honor to enclose memorandum No. 339, of Gold Bullion being for remittance received from the United States Assay Office, St. Louis, Mo.; to be transferred to the Bullion fund of this Mint

Very respectfully

Superintendent

Hon James P. Kimball
Director of the Mint
Washington
D.C.

26: February 60

Sir;

I find that our amalgamating machine which has been in use for many years is a constant source of expense. The great heavy wheels wear out the shaft upon which they run. The machine is obliged to be repaired about once every 6 weeks at considerable expense. It is located in the Melter and Refiners Department & is quite important. Mr James, the Foreman of the Machine shop proposes to change it so as to save the friction and lessen the expense of renewal.

A sketch of the proposed improvement

to the machine made by him - together with a copy of his letter -, and of a letter from Prof: Booth, Melter & Refiner, approving of his plans, are hereto appended which will explain themselves.

I respectfully ask your consideration of the matter, and if approved you will please apprise me.

The cost will not exceed $175.00

Very respectfully

[illegible]

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

M & R letter follows as well as others in this connection.

2

(Copy)

23rd February 6

Sir,

Having used the Amalgamating Machine of Mr. Kent for many years, and therefore knowing its good qualities, as well as its defects, I thought of endeavoring to substitute a more effective machine for it, but after careful reflection I am satisfied that it is more desirable to retain the Machine we now have, with the admirable modifications and great improvements made by our Mr. Samuel James. His ingenuity and skill proposes certain improvements at a moderate cost, less than that of re-building the machine, which did seem to me imminent, and which will

~~make~~ it more effective and less costly in use than the original machine.

I wholly approve of his plans, as more effective, and less costly in use, than the machine we have used hitherto, and I hope that an order may be issued as soon as practicable for executing his designs.

Very Respectfully
(Signed) Jas C Booth

February 23rd 6

Wm Daniel M. Tap
Superintendent
Dear Sir.

The drawing herewith respectfully Submitted, relates to an improvement in the chasers of the Nut-Amalgamating Machine.

The improvement consists of the introduction of a series of Anti friction Rolls as shown at A, and B, in the drawing.

The rolls at A, are intended to prevent the grinding away of the Axle C, and the inside bearing of the chaser, as is the case in the present arrangement; The Rolls B, revolving between the Axle C. and the inside bearing of the chaser, will stop the abrasion of the metal caused by the chaser revolving around the fixed Axle C.

The Rolls as shown at B. are designed

to prevent the wear of the chaser against the collar R, by the centrifugal force generated by the rotation of the chasers, and axle in the tube.

As it has been customary to use precision in the casting of the chasers, it is proposed to provide a chaser having a chilled, or hardened face; in order to do this the Mint will be obliged to provide the chill, necessary in the casting of such chasers.

Since October 1885 there have been repairs made to the Kent Amalgamating machine, four times, with an expense on account of wages alone of about Sixty four dollars.

I have asked Messrs James Moore, and A. Whitney and sons as to the probable cost of furnishing chilled chasers; the proposal of the former I herewith transmit;

together with the verbal proposition from Mess. Whitney & Sons to furnish the Chasers, together with the Chill, and pattern work for the Sum of Six hundred and twenty five dollars, more or less.

Confident that the Alterations as suggested will prove Satisfactory I would respectfully ask that an order be drawn for one pair of Chasers, and one pair of Collar forgings.

The other work necessary, such as furnishing the friction pulls, fitting &c will be done here.

Respectfully

(Signed) Sam'l James
Foreman

Office of
Bush Hill Iron Works
Philadelphia, Feby. 19th 1886

Samuel James Esq.
U.S. Mint
Dear sir

In answer to your inquiry of this morning I make the following proposal. I will agree to furnish and deliver at U.S. Mint in this city two (2) chilled chaser rolls eighteen (18") inches diam. by six and seven eighths (6 18") inches on face bored out in center for a four and one half (4½") inches diameter shaft, and to have recesses cut in them for friction [illegible] you will furnish template, also one (1) chilled plate thirty (30) inches diam. by three quarters (¾") inches thick, [illegible] for going for the sum of one hundred and seventy five dollars ($175.00) cash. Soliciting your order I remain,

Very truly yours
James Moore
per. H.W. Moore.

(I return your sketch herewith.)

Mint of the United States at Philadelphia,

Copy

Engravers Department,
20th Feby. 1856.

Sir:-

After careful examination by Mr. McClure and myself of the medal dies in possession of the U.S. Mint, we find the following dies wanting viz.

Antonio Wayne, Stony Point
Joanni Stewart " "
John Paulding, David Williams, Isaac Van Wert capture of Major Andre.
Genl. Nathanial Greene, Eutaw Springs
Libertas Americana, surrender of British armies at Saratoga and Yorktown.

These medals are all of a national character and should it be considered advisable, can be engraved, as we have the medals in the Cabinet from which we can follow the design.

I would respectfully recommend that we take up this work at once, as I think it highly proper, where it is possible, to have all dies of a national and historic character in this institution

Very respectfully,
Chas. E. Barber.
Engraver.

Hon. Daniel M. Fox,
Superintendent.

Wash: February 6

Sir;

I have this morning received the Circular issued under date of the 18th by Hon. James L. Edmonds, First Auditor of the Treasury and marked "Official" by you, with regard to advertisements for Proposals, and after a careful and critical examination of its requirements, I have at once suspended all purchases of supplies, and payments of vouchers for supplies heretofore ordered (except upon Contracts made in pursuance of the annual proposals advertised for in June last) until I can receive from the De-

partment such authorized construction of its terms, as will enable me to carry on the complicated operations of this institution, and provide for its diversified and incessant wants without danger to my accounts and consequent peril myself.

You will observe, by turning to the list in your office that the contracts for supplies for the current fiscal year made upon accepted proposals received in pursuance of advertisements therefor in the newspapers, cover only a limited class of staple articles, with regard to which our wants could be anticipated, and it was practicable to obtain satis-

factory preference. But we have never been able to provide in this way for the miscellaneous and exceedingly diversified supplies of which we are in constant need, and which cannot be definitely foreseen until the demand arises with each day's experience. So that from the nature and necessity of the case the larger portion of our current supplies have never been procured upon contracts made after public advertisements.

As matters stand now there are four different methods of procuring our supplies:-

1. Under annual contracts after public advertisement.

2 Upon proposals accepted and approved by the Director, invited by circular letters addressed to dealers, after the rejection of proposals received in reply to advertisement. The Contract with John Welsh, for duck canvass at 8 cents per yard, is one of this class.

3. Special contracts made by myself, and for which I supposed I had some general authority, for a limited class of articles, upon proposals invited by circular letters, addressed to dealers in the respective articles, and by which I expected a large saving for the Government - sometimes as much as 50%. Fire mitts, Furnace mitts, Empty barrels for sweeps, white

4

rags, lard and Mt. Farm oil, come under this class.

4. All other supplies are bought in the open market after careful enquiry among dealers as to the lowest price at which they can be obtained, and in this way my dealings have been very advantageous to the Government.

I must explain farther that for most of our miscellaneous supplies, and a considerable class of specialties, it has never been practicable to obtain proposals by advertisements, and the head of this institution has been obliged to use his own judgment and sagacity in procuring supplies to the best advantage for the public interest.

5)

There are two reasons for this, the force of which would be felt by any one familiar with the operations and fluctuating wants of the Mint: 1. The requirements of a large and complicated manufacturing establishment like the Mint, cannot be anticipated in detail for one year, or half a year, so that any definite schedule could be prepared for the information of bidders, nor could the latter make out a proposal with safety to themselves, and therefore they decline to enter the lists. 2. There are special supplies, such as chemicals and apparatus for the Assay department, which must be of the required quality and kind,

6

without regard to other considerations, and for which responsible manufacturers will not submit proposals for either long or short periods. Copper of approved quality for alloy also comes under this head. We therefore must buy the right supplies, or suspend operations.

This being briefly our situation, I beg to ask what latitude of construction will the Auditor and Comptroller allow me, in applying their circular to the daily operations of this Mint, to protect my accounts, and yet keep the institution up to the highest point of efficiency

Taking the number of detailed

items, by far the largest portions of our supplies really come under the head of "public exigency" that require "immediate delivery" and cannot definitely be foreseen many days or hours in advance, and yet must be had or the Mint be embarrassed. Yet there are many articles that do not strictly come under the head of public exigency and yet are essential from day to day.

Upon the receipt of this communication will you kindly confer with the Accounting Officers of the definite instructions as may be possible for my guidance in the delicate and embarrassing position in which the circular

8

* for as

strictly and rigorously construed, places me.

Heretofore, advertisements for proposals for general supplies, have only been made once a year, in the month of June. Is this to be the practice hereafter, or is it expected that advertisement is to be made, by authority of the Secretary of the Treasury, weekly or monthly, for such supplies as may be needed from time to time, or needed at one season and not at another? For many small incidental supplies, the cost of advertising would sometimes exceed the value of the articles needed. Repairs are constantly

going on in the Mint, sometimes of one part of the machinery, sometimes of another, and at the annual settlement there is a general overhauling and sometimes very extensive repairs. How am I to designate in an advertisement the particular supplies that may be needed for these purposes?

What disposition shall be made of vouchers for supplies already paid during the present month of February, but not yet forwarded to the Department for settlement? These are all grave and important questions of practice and of principle, that I am exceedingly anxious to have adjusted upon some practicable basis,

that will be just to the Government
and in harmony with the intent
of the law, and yet not cripple
or embarrass my efforts to do the
work required of the institution
under my charge.

Very respectfully
David W. Fox
Superintendent

Hon. James P. Kimball
Director of the Mint
Washington
D. C.

11

February 27th 86

Sir;

In reply to your letter of the 25th instant, I submit the following list of contracts for the Supplies specified, upon proposals invited by circular letters addressed to manufacturers and dealers in the particular articles.

1. Contracts ending Dec 31. 1885.

Fire Mitts.

Mrs. Martha Taylor, at 87 cents per pair
(Previous price 65 cents per pair)

Furnace Mitts.

Mrs. Annie Black, at 25 cents per pair.
(Previous price 75 cents per pair)

2. Contracts ending June 30. 1886

Fire Mitts.

Mrs. Annie Black at 31 cents per pair.

Furnace Mitts.

Mrs. Annie Black at 25 cents per pair.

Empty barrels for Sweeps.

A. McDonald & Co at $1.25 each.

(Previous price $1.50 each)

White Rags.

The Jessup & Moore Paper Co. at 9 cents per lb.

(Previous price 10 cents.)

Lard.

Adam H. Wathman & Co, at 7¼ cts per lb.

(Previous price 15 cents per lb.)

Mount Farm Oil.

Joseph Eshenick Jr. at 24 3/4¢ per gallon.

(Previous price 30 Cents.)

In submitting these contracts for your information and approval, I should add that this method of procuring Supplies was an Experiment on my part, under

the belief that I could thus better subserve the interests of the Government, and at the same time be certain of the quality of the Supplies. No formal contracts were made beyond a written notice in each case that the lowest proposal was accepted and the Supplies would be ordered, as needed during the period Specified.

Whether this is a valid arrangement under the First Auditors Circular of the 18th inst, remains to be seen.

Very Respectfully
Your Obt Svt
Superintendent

4th March 6

Sir,

I have the honor to receive your communication of 25th ultmo. touching the subject of the enlargement of the Mint building, and with a view to obtaining a statement as to the probable cost of the property lying on the West of the present building extending to Broad Street, as shown by the hereto accompanying plan.

I have had an estimate made by a very competent judge of real estate and he says that according to the following prices on the plan

No 1. is worth $47,000.

Nos. 2, 3, 4, 5, 6, 7 & 8 are each
worth $35.000 . . . . . $245000
& No. 9, having been made im-
proved within a few months by
alterations and enlargement of
the building is worth $200 000
Making an aggregate of $492. 000

I would respectfully suggest
that I am hardly convinced of the
propriety of purchasing additional
ground, as I consider, if the present
building is enlarged on both the North
and South sides, especially, extending
to both the Streets, with alterations in
the interior, thus obtaining the space
that is now unoccupied both on the
Chesnut Street and South Penn Square

fronts, - removing both facades - that we will have so much room, with methodizing the interior, as to answer every purpose the Government may have in view for carriage for many years to come

Very respectfully

Your Obt Svt

Superintendent

M. E. Dell Esq

Supervising Architect

Treasury Department

Washington

D.C.

March 5th 6

Sir;

I have received your letter of the 3rd inst. by registered mail, enclosing Treasury draft No. (22681) for $166 – being the value of the coins forwarded by me to the Mint Bureau during the six months ended December 31, 1885, for Special Assay. The amount agrees with that Charged against your Bureau on our books.

Very Respectfully &c

Assistant Treasurer

Hon Jas. P. Kimball,
Director of the Mint,
Washington, D.C.

5. March 6

Sir;

I have a large collection of bills here for current supplies that I am not able to pay as I do not know what is the nature of the Certificate, you informed me was being prepared to facilitate settlements.

Will you kindly furnish me with a copy, even though it be in MS. of said Certificate, as it is much needed for the settlement of the bills above referred to.

It will relieve me very much if I can have it at your early convenience

Very respectfully

[illegible]

Superintendent

Hon: James Pleintall
Director of the Mint
Washington
D.C.

March 5th 6

Sir;

In compliance with your requisition of January 20. 1886, twenty (20) annealing furnace tiles were delivered to the Assistant Quarter Master, U. S. Army, in this city on the 1st of March inst. for shipment to the Mint of the United States at San Francisco, Cal.

As directed I herewith enclose the Assistant Quarter Masters receipt, in duplicate; and also transmit for payment, receipted bill, in duplicate, of the manufacturer, A. L. Vandusen,

for the value of the tiles and packing, amounting to $28—.

Very Respectfully
Dan M Fox
Superintendent

Hon. Jas. P. Kimball,

6: March 86

Sir;

I have the honor to report that on the 27th day of Feby last, I sent a copy of the letter you addressed to me — giving me the decision of the Controller as regards the liability of the Melter & Refiner for the loss of the 3 silver bars said to be stolen from this institution between the beginning of December 1884 and January 5th 1885 — to Prof. Booth, Melter & Refiner of this institution, and called his attention to the requirements therein contained, to wit that he would be required to procure and deposit with me 1980 $\frac{12}{100}$ ounces of Standard silver in liquidation of the same, &

which he has replied that he is advised that he is in no way responsible under his bond for the bullion referred to and invited a suit thereon, that the same may be judicially determined, and also giving his reasons for that conclusion; a copy of which I herewith enclose; — all of which is submitted for your consideration and any instructions you may give

Very respectfully

Superintendent

Hon James B Kimball
Director of the Mint
Washington
D C

letter from M & R follows -

(Copy)

Office of Melter & Refiner
U.S. Mint at Philad^a
6 March, 1886.

Hon. Daniel M. Fox,
Superintendent of the U.S. Mint at Philad^a

My dear Sir,

I acknowledge your of Feby. 27th enclosing a copy of a letter of the Director of the Mint to you, with the request to notice the requirements therein contained.

By that letter I read that you are directed "to inform the Melter and Refiner of your Mint that he is responsible under his bond for this bullion, and that he will be required to procure and deposit with you 1980 12/100 ounces of Standard Silver."

I am advised that I am in no

wise responsible under my bond, for the bullion referred to, and I invite a suit on my bond that the same may be judicially determined.

I have not a copy of my bond, but I believe that it is drawn in accordance with Sec. 3501 of Revised Statues of the U.S.ª with condition for the faithful and diligent performance of the duties" of my office, and this condition I am advised does not include the case of an undoubted theft by any one not under my control.

As I have an accurate register of the bars used in melting at the Mint, I was convinced as early as January 5. 1885 that the three bars which compose the bullion referred to in the letter of the Director had been stolen, and I

3.

advised your predecessor of their loss in a letter of which the following is a copy:

" Mint of the United States at Philadelphia
Melting & Refining Department
Philada January 6th 1885.

Sir

A lot of Silver bars (invoiced 208) was received 2nd and 3rd December, 1884 and after being debited to me, was deposited as usual on the stone floor in front (North) of Mr. Cochrems Room.

When we wished to employ them on Saturday last, the 3rd January 1885, three of the bars could not be found, nor can we find any account of their use for melting or refining.

Nevertheless their apparent, if not real, loss necessarily awakens in me

much anxiety of mind, when I observe the large number of silver bars lying on the stone floor, and debited to me. I am the more anxious when I learn that we have had strange workmen in the Mint continuing their work until the darkness of C. P. M.

Very Respectfully
Jas C. Booth
M. R.

Hon. A. Loudon Snowden
Superintendent.

In reply to that letter the then Superintendent deemed it prudent to await the account which would take place in the following June, as he thought these bars might be still among the many bars piled on the floor of the court yard of the Mint; and that no certain

ty could exist of their abstraction with
out such winding up, and in accor-
dance with my suggestion and his
judgment he caused to be erected the
present heavy wire cages to inclose
each pile of bars under lock and key.

In making the late closure of
accounts upon your appointment, the
three missing bars could not be
found, and I felt called upon, on
July 8th 1885, to inform you of my
undoubted belief in their theft.

I am convinced of the theft of
these bars by some visitor by reason
of the discovery of a stolen bar in
New York, which was in an adjacent
pile and which theft is now the sub-
ject of a pending indictment.

As I have no control over the —

watchmen or visitors, and am without authority to introduce such physical appliances as insure safety, I must resist any assertion of liability on my part.

The facts were substantially known to the Director, as he refers to them on pages, 14, 29, and 35 of his Annual Report (the 13th).

Yours very truly

(Signed) Jas. G. Booth

SUPERINTENDENT'S OFFICE

March 8th 6

Sir,

Respecting the error of 96¢ made in levying charges upon Gold Deposit No 1931, to which my attention has again been called under date of the 6th inst. I enclose herewith a verbatim copy of a letter received from the Assayer explanatory of the cause of it, and regret that any inconvenience should have been caused the Department through its commission.

The amount has been refunded by the Assayer. as stated in his letter.

Very Respectfully

Supt.

Hon. Jas. P. Kimball
Director of the Mint
Washington. D.C.

Assayer's letter follows -

(Copy)

Mint of the United States at Philad
ASSAY DEPARTMENT

March 8th 6

Sir;

My only explanation for the error of 96 cents in Deposit No. 1931, is the comparative infrequency of the additional rate of 1/10 of one cent per oz.

It is seldom that we have gold deposits weighing over 1000 Oz. that we have become more or less habituated to the one dollar rate. In the great and varied pressure of busines, even the close Scrutiny to which our figures are subjected here, seems to have failed.

I beg leave to add that I made no insistence of correctnes, but only wished to know, whether the claim of error lay in the rate of charge, or merely

in the calculation.

As the error lies in the rate, I cheerfully refund the shortage which is herewith enclosed.

Very Respectfully

(Signed) Jacob B. Eckfeldt.

March 10th, 1886

Sir

Referring to yours of March 6, and in answer to the inquiry it contains, I have the honor to state:

If I correctly understand your inquiry it relates to payrolls for permanent as well as temporary employees. When this last mentioned force was employed, there was a division of the time to be worked by the permanent as well as temporary force. This arrangement still continues, and briefly stated is as follows:- An equal division of the number employed. No. 1 force comes on at 8 o'clock a.m. and remains until 4 o'clock p.m. = 8 hours regular time. No. 2 force comes on at 4 o'clock, and remain until 12 o'clock at night = 8 hours regular time. Now the exception to either of above cases might be that some of No. 1 force might be needed to help No. 2 force reporting at 4 o'clock: say 5 or 10

persons continuing on duty until 10 o'clock. In that case, the 5 or 10, as the case might be, would make six hours extra, and would be so marked on the time book and pay-roll.

In order to give all the same opportunity of compensation, the forces are required to alternate weekly, so that the day force this week, earning eight hours, will be the night force next week, and earn only six; unless they should be required to remain, making additional hours, and thus earn extra time.

I am unable to discover, by a reference to the rolls alluded to, how you get the impression that any one receives pay for time not worked. The persons who make but six hours, have only that credit given them, and if you will turn again to the rolls, you will find the majority of cases are not credited with as many days in regular time, as there are working days in the month. The rolls you allude to, therefore,

are the best evidence we can give that we are not paying for more time than is earned.

Very respectfully

Harold R. Fox

11: March 6

Sir;

I have the honor to inform you that under section 3504 Revised Statutes - on the recommendation of the Melter and Refiner herein enclosed - I have appointed Alexander Mucklé, Melter and Refiner's Clerk in this Mint at a Compensation of Four ($4) dollars per diem - vice John Mirkil, "Office", to be dismissed, - to take effect from the date of his official oath and submit the same for your approval

Very respectfully

Dan'l McFarl

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington

Mint of the United States at Philadelphia, Pa.
SUPERINTENDENT'S OFFICE,

March 12th 1866

Sir

An examination of the Ledger of the Storekeeper reveals the fact that only a portion of the Supplies received by you are entered by him upon his books, that portion being such articles only as he can place in the Store Room.

The Regulations and ~~Instructions~~ require that "Regular accounts shall" "be keept of all Supplies purchased" "and issued, which accounts must" "show to what purpose and in what" "department the Articles issued were" "used."

It will therefore be your duty,

when receiving Supplies to promptly furnish the Storekeeper with a clear Statement thereof for entering upon his Ledger.

Your immediate attention is requested to this order.

Respectfully

Superintendent

Mr. W. A. Boyle
Receiving & Weighing
Clerk.

Mint of the United States at Philadelphia, Pa.

SUPERINTENDENT'S OFFICE.

March 12th 1886

Sir;

You are directed, in future, to confer daily, with the Receiving & Weighing Clerk and to obtain from him a Statement of every article received by him for use in the Mint.

You will open a regular debit and credit account with each department & after charing the weight or count thereof to the General Department account, you will credit that account and charge the respective departments with all articles delivered to them, stating upon the Ledger the use for which the Supplies were purchased.

Respectfully

Mr. Wm. J. McComas
Storekeeper.

H. M. Hoxie
Superintendent

Dear Sir;

will be deposited in due order of
business.

Very Respectfully
[illegible]
Superintendent

Hon. Jas. P. Kimball,
Director of the Mint,
Washington,
D. C.

364

Director

Philadelphia
United States Mint
12: March 1886

The Superintendent respectfully begs to report that instead of "constant use of the elevator, and its employment at all hours of the day" as stated in pension Agent Davis' letter it is invariably only between the hours of 1 and 2 p.m. the delivery of silver is made at the Post Office Vaults. The time for doing this was changed from 9½ in the morning to the period named at the instance of the Custodian of the Building; Later in the afternoon is impossible because the use of the men and wagons of Adams Express Company cannot be obtained: The time the elevator is in use does not exceed 30 minutes at most: Besides there is another elevator as spacious and as convenient as the one we use communicating with the same floor

United States Pension Agency.
Post Office Building.

W. W. H. Davis
Pension Agent

Philadelphia March 6, 1886

Hon. Daniel S. Manning,
Secretary of the Treasury
Washington, D. C.

Sir;

The constant use of the Elevator on the Chestnut Street front of this building, to bring up Silver dollars for storage, interferes with all branches of business above the first floor. There is no system about the use of the Elevator for this purpose, as to time, and it is employed at all hours of the day — If it could be arranged to have the Silver brought up before nine A. M. and after

Continued

three P. M. it would not interfere much, if any, with its use for ordinary purposes. The heavy payment in the Pension Office began on the 4th, and hundreds of wounded men and feeble women are coming to this office daily — By reason of the Elevator being in such constant use, to convey bags of Silver dollars - with but 79 cents, too, men on crutches, and feeble old women, are obliged to climb up a long Stair way to reach the Pension Office.

This should be avoided, if possible, and it can be, if the transportation of Silver be limited to the hours named.

I respectfully ask you to give this matter your consideration.

Very Respectfully

(Signed) W. W. H. Davis

Saml W Fox

Superintendent

Hon. C. N. Jordan
Treasurer U. S.
Washington, D.C.

15. March 6

Sir;

I have the honor to receive your
under date of 13th inst. (E.O.L.) in
which you state that "while it is
proper to require the individual, a of-
ficer who is responsible for the error
to refund the amount in "the cases
indicated "the law places the respon-
sibility for the correctness of the charges
more upon the Superintendent than
upon the Assayer", and also quote
section 3506 Revised Statutes speak-
ing of the Superintendent which Con-
tains the following language "from
the report of the Assayer and the weight

of the bullion, he shall compute the value of each deposit and also the amount of the charges or deductions if any."

I beg to say that whilst it is admitted "that it is proper to require the officer who is responsible for the error to refund the amount, in this case" I do not see any applicability in the section quoted to the case in point. The regulations do require that the Assayer shall insert the charges to which the deposit is subject in his report, and I have been under the impression that the operative officers of the Mint and all assistants, clerks, and employés, are

primarily responsible for any and all errors on their part in carrying out the law and regulations, and I do not see that the section quoted affects the subject.

It seems to me that I have & should have the right of reclamation upon them for the amount of any loss or deficiency arising by their errors or mistakes.

I beg to suggest further that there is no misunderstanding or difference of opinion between the Assayer and myself with regard to the responsibility for the recent mistakes in reporting charges on bullion

Mint of the United States at Philadelphia, Pa.
SUPERINTENDENT'S OFFICE

18. March 6

Sir,

I have the honor to receive yours of the 17th. informing me of the fact that as regards the subject of rifles for the protection of this institution, there are no improved arms supplied by the Ordinance Department, and that the opinion is, that the Carbines we now have are better than magazine rifles.

My purpose being to have the benefit of the judgment of those better acquainted with the efficiency of these arms than myself, as well as to obtain some additional means of defence in view of the vast increase to the volume of treasure contained in the Mint,

I respectfully ask that this Mint be supplied with two Gatling guns mounted on tripods — in the place of the 20 Winchester Repeating Rifles asked for in my Communication of 24th. ult. last —

And 1200 rounds of cartridge, suited for these guns as well as for the rifles now in my charge, which I also desire to retain in the Mint. My present supply of cartridge amounts to but 50 rounds - entirely too inconsiderable a number.

Very respectfully

Superintendent

Hon James P. Kimball
Director of the Mint

Superintendent

Mint of the United States at Philadelphia, Pa.
SUPERINTENDENT'S OFFICE.

March 19th 1861

Sir,

It is hereby directed that in future, no supplies be received at the front door of the Mint. Where goods are to be sent, it will be the duty of the Doorkeeper to direct the persons delivering them, to deposit them with Michael A. Boyle, Weighing & Receiving Clerk, (or his representative) at the Juniper St gate.

Respectfully

Wm Millward

Supt

To Geo. H. Brown Esq:
Doorkeeper.

Mint of the United States at Philadelphia, Pa.,

SUPERINTENDENT'S OFFICE.

March 19th 1886

Sir,

I have instructed the Doorkeeper, Geo. W. Brown, that in future he receive no Supplies, but shall have the parties deliver them to the Weighing & Receiving Clerk or his representative at the Juniper St Gate.

Please make such arrangements to receive the same as will entail the least possible delay upon persons delivering articles to the Mint.

Respectfully,

[signature]

Supt.

Michael A. Boyle Esq.
Weighing & Receiving Clerk.

19 March 6

Sir;

Referring to your letter of March 18th, I desire to ask your consideration to the application of the plan you suggest relative to Adjuster's payrolls, viz: "that all employees, adjusters and others, who have earned a full months compensation be credited with the number of working days in that month and that for "overtime" ..... credit be given ..... at .... one eighth of their per diem for an hour's service."

This is literally what is done now. But in the case of adjusters who work less than the full month yet emba

overwork we can credit in the first Column the number of full days they have worked and there in the other column mark the number of hours of overwork, and in calculating a day's work at 8 hours the number of days it computes and state the number of days and fractions of hours of overwork thus made.

Will you kindly write me saying whether this is the mode in which you desire the Computation to be stated.

In regard to the Gasfitter being credited "with so much time", I beg to say he is obliged to attend to the electric lights, of which besides in other departments, there are many in the

2

adjusters room, where work is continued till late at night

Very respectfully

Superintendent

Hon: James R. Kimball
Director of the Mint
Washington

1 April 6

Sir,

I desire to write to you upon a subject that gives me some Concern. Our Cabinet of Coins and Medals has grown to proportions which make it an exceedingly valuable collection. It is that portion of the institution which is most attractive to visitors & there are not less than 75.000 in the Course of a year who pass through it - as I am informed by the officers. To reply to numerous interrogatories, make explanations, and protect this invaluable collection, I have but three officers - a number wholly insufficient.

I need hardly say that I am

averse to making an increase of the force, unless the need is very clear, and I think it is clear now.

I am also informed that up to within the past two or three years there were five men and one lady doing active duty in the Cabinet, but that in my predecessor's time, from certain changes, there were reduced to the present number, persons who were appointed "Cabinets", of which there were four or five, having been assigned to other duties.

I therefore submit to your consideration as a matter of necessary precaution and of actual protection for the contents of that room, that I be permitted to increase the number of attendants in the Cabinet

by the appointment of two more men, whose additional services I could utilize in other directions, when occasion required, and thus obtain a full equivalent for the expense incurred thereby.

Very respectfully

A. M. Fox

Personal

2: April 6

My dear Sir

I have yours of yesterday. The Statement you desire is as follows:-

Standard Dollars in Post Office Vaults Stored 10.349.000

With space left yet for 11.000.000

We have Stored in Mint vaults 13.700.000

with space for 2.000.000

I must say that I am still a little anxious about the vault under the piazza (in the Mint building) fronting on Chestnut Street — the one that has a wooden board over the top of the door. I have tried to make it more

secure by putting a large steel plate in the old window, but yet I feel anxious, about the vault. The door is not high enough and has to be eked out with a board – as I have said. The door is of ordinary iron with only an old fashioned lock.

Could not the coin in it be moved away and a first class steel lined vault with Combination locks be built instead?

I hope you are well

Very truly yours

John W. Fox

R. E. Preston Esq

Very respectfully

Superintendent

Robert P. Waring Esq
Assayer in Chg: U.S. Assay Office
Charlotte
N.C.

Received

5: April 6

Dear Sir;

In compliance with your favor of the 11th inst, referring to the Hon: Sec: Manning's wish that he should have certain medals struck at the Mint, such as were checked off on the "circular of medals and cabinet Coins", I desire to say I have had them all — with one addition which was not on the printed list, thus completing the list of presidential medals: to wit, President Harrison — prepared, and carefully placed in a box about one foot long by six inches in breadth, and eight and a half inches high, ready for

shipment, and will send them by Express either to you or whomever else you may designate

The cost of the Material amounts to $240/100

Will you kindly advise me as to their disposal?

A copy of the list of the several medals checked off is herewith enclosed

Very truly yours

[illegible]

Hon: James P. Kimball
c/o Mint Bureau
Washington
D.C.

M. T. L.

5. April 6

Sir,

In reply to your letter of the 2nd. inst. I have to say that the name "James" Bushell was an error in transcription, and that it should have been, as supposed correctly by you, "John" Bushell.

The approval referred to, has however not come to hand

Very respectfully

Superintendent

Hon: James D. Kimball
Director of the Mint
Washington
D.C.

Mr Preston 5 April 6

My dear Sir;

I thank you for your favor of the 3rd. inst.

My mind is considerably exercised in relation to the storage of coin; - first, I agree with you that it is only an element of time when we will be put to the nonplus to know where to store coin and that will not be in the far distance; and - second, there is one if not two of our vaults which I regard as very insecure.

I am glad the Department has thought the subject of Converting at least one of them into a steel-lined secure vault.

In compliance with your suggestion I am able to say that the vault nearest the front on Chestnut Street, directly under the Cabinet, called No. 6, is the one to which, I have allusion, as being very insecure.

There is another vault No 7, fronting on the same corridor next to the Western Staircase. I do not look with much favor on that.

Were these two vaults filled up with steel lining it would be a great relief.

I would suggest that vault No 6 is the one that should receive immediate attention; No. 7, if there be no funds for both, might be left for

[illegible]

I enclose a copy of a letter of this date from Mr Cobb, who goes into details as to requirements, security, &c &c. which will give you some idea on the subject.

Very truly Yours

M. R. E. Preston
Supt Mint Bureau
Washington
D.C.

(Copy)

Mint of the United States at Philadelphia.

Superintendents Office

April 5th 1886.

Sir;

In compliance with your request I have executed the official ground plan of the Mint building and find the dimensions of the non-burglar proof vaults as follows, to wit:

Vault S. E. corner, under Cashiers Room (#6) 15 + 16 feet. This Vault is arched, and is about 8 ft in height at crown. The Spring is about two feet. It is the only vault available for Steel lining. Approaches very insecure.

Vault #4 next eastern Staircase 9+16 This vault is arched, and at crown about 8 ft. in height. It is too narrow for Steel lining and has no burglar proof doors.

Mint of the United States at Philadelphia

Vault #7 next western Staircase 9+16
Arches, and at crown about 8 ft. Too
narrow for steel lining. Door insecure,
but not so insecure as that of Vault #6.
first named above.

The Vault under the Steps, now used
as a Store-room, is 5 ft 6 inches by
7 ft. 2 inches. Its exposure to the
weather is such that it can be used
only as it is constantly heated to ab-
sorb the moisture. Its width ren-
ders it impracticable to line with
Steel.

Very Respectfully
(Signed) M. H. Cobb
Cash.

Jas. P. Kimball

April 5th 6

Sir;

I take the liberty of herewith enclosing copy of a letter received from Mess Zadek & Co, Jewelers, Mobile, Ala. transmitting, a gold deposit, that it seemed to me would be proper to bring to your notice.

Our own returns are indicated by the enclosed Mem. # No. 551.

Very Respectfully (1)

[illegible]

Superintendent.

Hon, James P. Kimball,
Director of the Mint,
Washington,
D.C.

Badek & Co
Jewellers & Silversmiths.

(Copy)

Mobile Ala. Mch 29 1876

U.S. Mint
Philadelphia Penn

Gentlemen;

By this days Express we send you a small package containing about 25 oz. and 3/4 of gold bullion, for which please make the usual returns. For twenty years past we have done business with the Mint in New Orleans, Since the change that has taken place there, we have been unable to get any Satisfactory returns. Our gold has been returned to us, the Assayer alleging that it lacks "homogenity" which is Something we cannot comprehend, So we have concluded to try a more homogenous Mint than the one in New Orleans. Hoping to receive favorable returns we Remain

Respectfully Yours
(Signed) Badeck & Co

(86—A.)

Mint of the United States at Philadelphia,
